

Drømte Mig En Drøm | Dreamed Me Dream

1. Drømte Mig En Drøm i nat om silke og ærlig pæl, Bar en dragt så
Dreamed me a dream this night of silk and fine furs. Wore a dress so

let og glat isolfaldets strålevæld -nu vågner den klare morgen
light and smooth in the sunset's radiance -now the clear morning is waking

2. Til de unges flok jeg gik, jeg droges modsang og dans. Trøstigt mødte jeg
To the young crown I went, I was drawn to song and dance. Comfortably I met
hans blik og jeg hans blik og lagde min hånd i hans -nu vågnerden klare morgen
his eye and put my hand in his -now the clear morning is waking

3. Alle de andre på os så, de smilede og delo. Snart gik dansen
All the others watched us, they smiled and they laughed. Soon the dance
helt i stå, der dansedekun vi to -nu vågner den klare morgen
fully stopped, only us two were left dancing -now the clear morning is waking

4. Drømte mig en drøm i nat om silke og ærligpæl. Fjernt han hilste
Dreamed me a dream this night of silk and fine furs from far away
med sin hat og grå gikmin drøm på hæld -nu vågner den klare morgen
he waved his hat and grey went my dream of happiness - now the clear morning is waking.
