

Wheel of the Year

Personalize the Wheel of the Year by decorating it your way!

The most popular Wheel of the Year is a 'Heathen Calendar' (*above*). It has eight events that were celebrated by people who came from Scandinavia during the Viking Age.

This version was created in 1975 for our modern lifestyle, but it uses dates and events from The Norse Wheel of the Year that dates to the 1300s (around 700 years ago). The Norse Wheel of the Year has 12 special events.
